Sec 26(a)

Sir, Re: Sinking of a Second Bore-well at Nagamangala.

With reference to your letter No. I 16157 dated 22-4-[illegible] on the above subject, I have the honour to enclose herein a copy of my review on the budget estimates of the Nagamangala Town Municipal Council for 1947-48 and to state that the first bore-well in the town is reported to have yielded about 4000 gallons of water per hour against the 6000 gallons required for consumption in the Town. The Sanitary Department appears to have declared this well as failure with regard to the quantity of water expected from the second Bore-well the drilling of which is now under contemplation, the President has stated that he is not in a position to assess to same and the work has not yet been started.
